INDEPENDENT AUDITORS' REPORT TO THE DIRECTORS OF MONTSERRAT UTILITIES LIMITED

We have audited the accompanying financial statements of Montserrat Utilities Limited, which comprise the Statement of Financial Position as at 31st December 2010, Statement of Comprehensive Income, Statement changes in equity and cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements whether due to fraud or error, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we plan and perform an audit to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Partners: Rolston T. Allen F.C.C.A, Avondale M. Thomas F.C.C.A

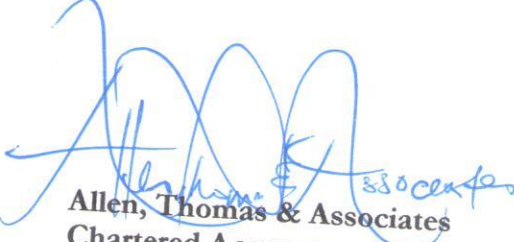

Qualification

We were appointed auditors subsequent to the Statement of Financial Position date, hence were unable to physically verify the existence of Inventory quantities reflected in the company records at the statement of Financial Position date for the year under review.

Opinion

Except for the matter highlighted in paragraph (5) five above; in our opinion, the financial statements present fairly, in all material respects, the financial statements of Montserrat Utilities Limited, as at 31st December 2010 in accordance with International Financial Reporting Standards.

MONTERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 31ST DECEMBER 2010
(Expressed in Eastern Caribbean Dollars)**1. Reporting Entity and Principal Activities**

Montserrat Utilities Limited was incorporated as a private Limited Company on 18th October 2001 under the Companies Act of Montserrat No. 25 of 1998 and registered at Folio 99 of the Register of Companies. It is solely owned by the government of Montserrat.

Effective 1st July 2008, the assets and liabilities of the Montserrat Electricity Services Limited and the Montserrat Water Authority were vested into Montserrat Utilities Limited. The company operates under the licensing of the Utility Services Act 2007 (*NO.3 of 2007*) and the Montserrat Utilities Act 2007, and has the license for the generation, transmission, distribution and supply of electricity and piped drinking water; and collection, treatment and disposal of waste water and sewage.

The registered office of the company is located at Bank's, Montserrat.

2. Basis of Preparation**a) Statement of Compliance**

The opening statement of financial position has been prepared in accordance with International Financial Reporting Standards (IFRS). The accounting policy disclosures primarily follow the guidelines of the Montserrat Utilities Limited Financial and Accounting Policies and Procedures Manual.

These financial statements were approved by the Board of Directors on 25th November 2014.

b) Basis of Measurement

The financial statements have been prepared under the historic cost convention.

c) Functional and Presentation Currency

These financial statements are prepared in Eastern Caribbean Currency Dollars, which is the functional currency of the reporting entity.

d) Use of Estimates and Judgment

The preparation of financial statement in conformity with the International Financial Reporting Standards (IFRS) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

MONTSERRAT UTILITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010

(Continued)

(Expressed in Eastern Caribbean Dollars)

2. Basis of Preparation - Continued

d) Use of Estimates and Judgment - continued

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, significant areas of estimating, uncertainty and critical judgments in applying accounting policies that have the most significant effect in the amounts recognized in the financial statements are the following:

- | | |
|--|--------------------|
| 1. Impairment losses on Investments | Note 3 (d) and (e) |
| 2. Estimated useful lives of Property, Plant and Equipment | Note 12 |
| 3. Determination of fair values on Financial Instruments | Note 3 (k) |

e) New Standards and Interpretations of and Amendments to existing standards effective during the year

Some new IFRS and interpretations of, and amendments to, existing standards which were in issue and were relevant to the Company came into effect for the current financial year. None of these pronouncements had a material effect on the financial statements.

f) New Standards and Interpretations to Existing Standards that are not yet effective

At the date of authorization of the financial statements, certain new standards, and amendments to interpretations of existing standards, have been issued which are not yet effective and which the Company has not early adopted. The Company has assessed the relevance of all such new standards, amendments and interpretations with respect to its operations, has determined that the following may be relevant to the operations and has concluded as follows:

IFRS 9. Financial Instruments. This IFRS is effective for annual reporting periods beginning on or after 1st January 2013. The standard retains but simplifies the mixed measurements model and establishes two primary measurement categories for financial assets: amortized cost and fair value. The Company is assessing the impact on the 2013 financial statement.

IFRS 9. Financial Instruments (2010). The revised IFRS supersedes the previous version of IFRS 9 issued in 2009 and is effective for accounting periods beginning on or after 1st January 2013. The revised standard now includes guidance on classification and measurement of financial liabilities designed as fair value through profit or loss and incorporates certain existing requirements of IAS 39 Financial Instruments.

MONTSERRAT UTILITIES LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010**

(Continued)

(Expressed in Eastern Caribbean Dollars)

2. Basis of Preparation – Continued

f) New Standards and Interpretations to Existing Standards that are not yet effective - continued

Recognition and Measurement on the Recognition and De-recognition of Financial Assets and Financial Liabilities. The Company is assessing the impact that the standard will have on the 2013 financial statements.

IFRS 13, Fair Value measurement. This IFRS which is effective for annual reporting periods beginning on or after 1st January 2013 defines fair value, establishes a framework for measuring fair value and sets out disclosure requirements for fair value measurements. It explains how to measure the fair value and is applicable to assets, liabilities and an entity's own equity instrument that, under other IFRSs, are required or permitted to be measured at fair value, or when disclosure or fair value is provided. It does not introduce new fair value measurements, nor does it eliminate the practicality exceptions to fair value measurements that currently exist in certain standards. The Company is assessing the impact this standard will have from the effective date on its financial statements.

IAS 24. Related Party Disclosures Revised, effective 1st January 2011. This IAS introduces changes to the related party disclosure requirements for Government related entities and amends the definition of a related party. The standard also expands the list of transactions that require disclosure.

Disclosures – Transfer of financial Assets (Amendments to IFRS 7) is effective for accounting periods beginning on or after 1st July 2011. The amendments require disclosure of information that enable users of financial statements to understand the relationship between transferred financial assets that are derecognised in their entirety and the associated liabilities and to evaluate the nature of and risk associated with the entity's continuing involvement in these derecognised assets.

New information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognized as of that date.

3. Statement of Accounting Policies

a) Foreign Currencies

Assets and liabilities denominated in foreign currencies are translated into Eastern Caribbean dollars at the exchange rate prevailing at the Statement of Financial Position date. Transactions denominated in foreign currencies are translated into Eastern Caribbean dollars at the rates prevailing at the dates of the transaction, and the resulting gain or loss is included in the Statement of Comprehensive Loss.

MONTSERRAT UTILITIES LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010
(Continued)
(Expressed in Eastern Caribbean Dollars)

3. Statement of Accounting Policies– Continued

b) Accounts Receivable

Accounts receivable are carried at original invoice amount less provision made for the impairment of these receivables. Such provisions for impairment of accounts receivables are established if there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the recoverable amount.

c) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation. The cost of repairs and replacements of a routine nature are charged to earnings while those expenditure, which improve or extend the useful life of the assets are capitalized. Land is not depreciated. Depreciation is provided using the straight line method at rates sufficient to write off the cost of the assets over their estimated useful lives as follows:

Furniture and Fittings	20%
Motor Vehicle	20 %
Plant & Machinery	4% and 20%
Building	2%

d) Impairment

The carrying amount of the Company's assets reviewed at each Statement of Financial Position date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated at each Statement of Financial Position date. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognized in the Statement of Comprehensive Loss.

MONTSERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 31ST DECEMBER 2010**(Continued)****(Expressed in Eastern Caribbean Dollars)****3. Statement of Accounting Policies - Continued****e) Investments****i) Investment Securities Held to Maturity**

Investment securities with fixed maturity profiles where management has both the intent and the ability to hold to maturity are classified as held to maturity. Securities held to maturity are initially recognized at cost and are subsequently re-measured at amortized cost less provision for impairment losses. Interest income earned while holding securities is reported as interest income.

ii) Investment Securities Available for Sale

Investment securities intended to be held for an indefinite period of time which may be sold in response to the needs for liquidity or changes in interest rates, exchange rates or equity prices are classified as available for sale. Available for sale financial assets are initially recognised at cost and are subsequently re-measured at fair value based on quoted bid prices.

iii) Unquoted Investments

Unquoted equity instruments for which fair values cannot be reliably measured are recognised at cost less impairment. When the securities are disposed of or impaired, the related accumulated fair value adjustments are included in the Statement of Comprehensive Loss as gains or losses from investments.

f) Interest Bearing Borrowings

Interest bearing borrowings are recognised initially at fair value less attributable transaction cost. Subsequent to initial recognition, interest bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognised in the statement of Comprehensive Loss over the borrowings on an effective interest basis.

g) Interest Income

Interest income is recognised on the accruals basis in the Statement of Comprehensive Loss, using the effective interest method.

h) Taxation

The Company is owned by the Government of Montserrat and is exempted from several taxes. Under section 5 of the Montserrat Utilities Act 2007, an exemption was granted from the payment Consumption Tax, Customs Duty, Income Tax, Property Tax and Stamp Duty.

MONTserrat UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010****(Continued)****(Expressed in Eastern Caribbean Dollars)****3. Statement of Accounting Policies– Continued****i) Related Parties**

A party is related to the Company if:

- i) Directly or indirectly through one or more intermediaries the party controls, is controlled by, or is under common control with, the Company (this includes, parents, subsidiaries and fellow subsidiaries); has an interest in the Company that gives it significant influence over the Company; or has joint control over the Company.
- ii) The party is an associate of the Company.
- iii) The party is a joint venture in which the Company is a venture.
- iv) The party is a member of the key management personnel of the Company or its parent.
- v) The party is a close member of the family or any individual referred to in (i) or (iv).
- vi) The party is the entity that is controlled, jointly controlled or significantly influenced by, or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or
- vii) The party is a postemployment benefit plan for the benefit of employees of the Company or of any Company that is a related party of the Company.

j) Financial Instruments

In accordance with the provisions of the International Accounting Standard No. 32, disclosure is required regarding credit risk, interest rate risk, currency risk and the fair value of financial assets and liabilities. With the exception of property, plant and equipment, deferred tax and income tax payable, all of the Company's assets and liabilities are financial instruments.

a) Financial Risk Factors

The Company has exposure to the following risks from its use of financial instruments:

- Credit Risk
- Liquidity Risk
- Market Risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

MONTSERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010****(Continued)****(Expressed in Eastern Caribbean Dollars)****3. Statement of Accounting Policies– Continued****j) Financial Instruments - continued**

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework and it also assesses financial and control risks to the Company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations. The Company's Board of Directors oversee how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risk faced by the Company.

i) Credit Risk

Credit risk arises from the possibility that counter parties may default on their obligations to the Company. The Company has made adequate provision for any potential credit losses and the amount of the Company's maximum exposure to credit risk is indicated by the carrying amount of its financial assets.

	<u>2010</u>	<u>2009</u>
Cash in hand and at bank	1,210,801	1,832,067
Accounts Receivable	2,470,846	3,102,669
Mortgage Receivable	322,473	484,459
Investment -Available to Maturity – Unquoted	1,520,155	1,491,834
Investment - Available – for - Sale - Unquoted	250,000	250,000
	-----	-----
	\$5,774,275	\$7,161,029
	=====	=====

Accounts and Other Receivables

The Company's exposure to credit risk is influenced mainly by the customers' ability to meet their obligations to the company and this depends on the state of the economy and the demographics of the Company's customer base.

MONTERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010****(Continued)****(Expressed in Eastern Caribbean Dollars)****3. Statement of Accounting Policies – Continued**j) Financial Instruments – continuedCash and Cash Equivalents

Cash and cash equivalents are held with established financial institutions, which represent minimum risk of default.

ii) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure that, as far as possible, it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of financial assets and liabilities excluding the impact of netting arrangements:

Assets	2010	2009
Cash in hand and at bank	1,210,801	1,832,067
Accounts Receivable	2,470,846	3,102,669

Liquidity Gap	\$(528,349)	\$1,509,616
	=====	=====

MONTSERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010****(Continued)****(Expressed in Eastern Caribbean Dollars)****3. Statement of Accounting Policies - Continued****j) Financial Instruments – Continued****iii) Market Risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and price risk will affect the value of the Company's assets, the amount of its liabilities and/or income. Market risk arises from fluctuations in the value of liabilities and the value of investments held. The Company is exposed to market risk on certain of its financial assets.

a) Price Risk

Price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or its issuer, or factors affecting the entire instrument traded in the market. The Company has no quoted instruments consequently there is no significant exposure to price risk.

b) Interest Rate Risk

The Company's financial assets and liabilities are noninterest bearing. The company's interest bearing assets and liabilities generally carry fixed rates of interest and therefore there is no significant exposure to interest rate risk.

c) Currency Risk

Substantially all the Company's transactions, assets and liabilities are denominated in either Eastern Caribbean or United States Dollars. Therefore, the Company has no significant exposure to currency risk.

k) Determination of Fair Values

A number of the Company's accounting policies and disclosures require the determination of fair value for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

Fair value amounts represent estimates of the consideration that would currently be agreed upon between knowledgeable, willing parties who are under no compulsion to act and is best evidenced by a quoted market value if one exists. With the exception of cash in hand and at bank, none of the Company's financial instruments are traded in a formal market. Estimated fair values are assumed to approximate their carrying values due to their short-term nature. Dividends and related per-share amounts are disclosed either on the face of the statements of changes in shareholder's equity or in the notes.

MONTSERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 31ST DECEMBER 2010**(Continued)****(Expressed in Eastern Caribbean Dollars)****3. Statement of Accounting Policies– Continued****k) Determination of Fair Values - continued****Fair value hierarchy**

IFRS 7 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the bank's market assumption. These two types of inputs have created the following fair value hierarchy:

- Level 1—Quoted prices in active markets for identical assets or liabilities. This level includes listed debt instruments listed on exchanges
- Level 2 – Inputs other than quoted prices included within level1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). This level includes equity investments and debt instruments with significant unobservable components.

The hierarchy requires the use of observable market data when available. The company considers relevant and observable market prices in its valuations where possible.

l) Accounts Receivable

The fair value of accounts and other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date.

m) Non-derivative Financial Liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

The fair value of cash in hand and at bank, accounts receivable, due from related parties, accounts payable and accruals and due to related parties are not materially different from their carrying amount due to their short-term period to maturity.

n) Revenue Recognition

Revenue is recognized on the accruals basis. Revenue is reflected in the Statement of Comprehensive Loss when significant risk and rewards of the ownership of services have been transferred to customers and the amount of revenue derived can be measured reliably.

(Page 3)	=====	=====

The company contributes to a defined benefit plan and a defined contribution plan for management and all other permanent staff respectively.

Under the defined benefit plan, the employer contributes such sums that are required to enable the Trustees to provide the benefits under the rules for and in respect of members and former members to preserve the solvency of the plan based on an Actuarial review. Members are not required to contribute to the defined benefit plan. The employer's contribution during the year to the defined contribution plan was 25% of members' salaries. For the defined contribution plan, both the company and employees contribute fixed amounts. The administration expenses are currently being met by surpluses arising from members withdrawing from the plan with less than ten (10) years of service.

The latest Actuarial review carried out on 29 February 2008 revealed that the assets were adequately funded. However, the report indicated that because of the uncertainty regarding the Plan's Investment in CLICO, the results of the valuation should be treated with caution. Pension costs for both plans are charged to the income statement. The assets of the plans are held separately as they are managed by different Trustees.

This amount represents the Government of Montserrat has injected into the operations of the new company, which commenced operations on 1st July 2008. It reflects the net surplus due to the owner (Government) of the two quasi Government institutions, which combined to form the new entity.

MONTSERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2010****(Continued)****(Expressed in Eastern Caribbean Dollars)**

19. Capital Commitment & Contingent Liability	<u>2010</u>	<u>2009</u>
Budgeted Estimates – Mechanical & Electrical	16,891,000	9,321,385
Budgeted Estimates – Civil & Building Works	6,978,000	678,615
Budgeted Estimates – Other Capital Works	12,265,000	-
	-----	-----
	\$36,134,000	\$10,000,000
	=====	=====

a. Capital Commitment

The Company is committed to Capital expenditure for the upgrade of its Electricity generating capacity and capability, the capital commitment subsequent to the Statement of Financial Position date is in the order of \$36,134,000.00. This commitment is supported by on-going negotiations by central Government, and the tendering process has been completed for the construction of a new power plant and the supply of new generating equipment.

b. Contingent Liability

As further explained in Note 20, the Company may be liable for any shortfall of the Deposit Administration Pension Plan. The company has committed itself to the settlement of all employee Pension liabilities, in the absence of Pension fund assets to meet employee obligation on retirement. All Pension Fund obligations settled by Montserrat Utilities Limited will remain an obligation of the Fund, and should be settled if and when the Fund has the financial resources so to do.

c. Pending Litigation

A claim was filed for damages against the company for unfair dismissal by a former employee of the company. The claim was heard by the Labour Tribunal in April and May of 2013; the decision is still pending.

20. Taxation

The Company is exempt from payment of any liability to all income tax and other taxes based on income or profits under Section 15 of the Montserrat Utilities Act 2007.

21. Operational Risk**i. Volcanic Activity**

The island of Montserrat experienced continuous volcanic activity in July 1995. The continuous eruptions created severe hardships and dislocations and affected living conditions on the island. Consequently, this risk factor should be considered in analysing these Financial Statements.

MONTSERRAT UTILITIES LIMITED**NOTES TO THE FINANCIAL STATEMENTS**
FOR THE YEAR ENDED 31ST DECEMBER 2010**(Continued)****(Expressed in Eastern Caribbean Dollars)****21. Operational Risk –Cont'd**

ii. Insurance

It should be noted that Transmission and Distribution facilities are uninsured. This poses an operational risk for the company if there should ever be major damages done to these facilities.

22. Subsequent Eventsi) Pension Plan Investment

Subsequent to the date of the financial position, there has been much concern on the local and regional financial industry with regards to the Central Bank of Trinidad and Tobago and the Government of Trinidad and Tobago recent intervention in certain CL Financial Group particularly Colonial Life Insurance Company (Trinidad) Limited (CLICO).

The company's Deposit Administration Pension Plan which is managed by the Trustees, First Caribbean International Bank is invested with CLICO.

The Directors have been monitoring the development in relationship with the CL Financial Group.

ii) Accounting for Impairment

The Board of Directors have decided to provide for 100% impairment of the Pension Plan Investment, and will recognize any recoveries on the Investment on an actual basis when and if recoveries can be determined with certainty.

iii) Settlement Existing Pension Liability

The company's policy position regarding its Pension Liability has been amended due to the impairment of its employees Pension Fund Investments. The company has committed itself to the settlement of all employee Pension liabilities, in the absence of Pension fund assets to meet employee obligation on retirement. All Pension Fund obligations settled by Montserrat Utilities Limited will remain an obligation of the Fund, and should be settled if and when the Fund has the financial resources so to do. The recognized computed liability at the statement of financial Position date is \$3,326,943.

iv) Caribbean Development Bank Funding

Subsequent to the Statement of Financial Position an agreement was made with the Caribbean Development Bank to provide partial funding in the amount of USD \$2.5 Million, with interest rate cost of 2.5% per annum for the construction of the new power station at a location in Brades. Repayment will be made in (80) eighty equal instalments in equal consecutive payments, commencing 10 years after the date of the agreement.

v) The Company has completed negotiations with two Contractors for the construction of the new power generating facility and the supply of the Generator Sets. Negotiations have concluded with Agelique International Limited of (India) for the construction of the new power plant, and Ningbo CSI Power and Machinery Group for the supply of engines.
